Black sun

Chapel of blood
The raging winds won't find you
Red, white and black
Worth hating
Be a carcass nailed into the dark
Black sun
Blind me
Rip the web of light
We're captured
Enlightened forever
Be my cure, black sun

House on a tree
Bear a child
Smash it on a tree
Red, white and black
Worth killing
Dogs of war in green pastures
Black sun
Blind me
Rip the web of light
We're captured
Enlightened forever
Be my cure, black sun

City of dreams
slag, liana, butchers hook
Red, white and black
Worth despising
You're broke on the wheel
Of the sun
Black sun
Blind me
Rip the web of light
We're captured
Enlightened forever
Be my cure, black sun
